

THE CUPE "QUARTERLY"

The Union would like to extend a HUGE "Thank you" to all the members that worked tirelessly through the cold and snow to keep our sites safe for students and staff during one of the coldest months on record!

Your current Union Executive feels that educating members should be one of its top priorities, whether independently or in collaboration with the Employer, and we are proud to report the following:

- 172 members have taken the Mental Health Literacy training since September and with two more sessions coming up on May 3rd, we would love to see these full of CUPE members.
- 28 Joint Occupational Health & Safety Committee Reps received their mandatory New Committee Member training and/or the annual eight hours of training required for the position.
- The 6 member Budget Committee all received a full day of training.
- The Treasurer along with 2 Trustees participated in a two-day "Financial Officers" training course.
- 3 Shop Stewards took "Member to Member Conflict" training as well as "Notetaking".
- 8 members of the Executive took part in various training opportunities at the CLC winter school.
- The 6-member Bargaining team has two days of additional training this month which means four days in total so far this year, with another one on the horizon.

Dave Griffiths is responsible for Union education and we would ask that you reach out to him directly if there are workshops (i.e. Pension) that you would be interested in attending. The following Shop Stewards, April Mancinelli, Glenda Johnson, and Lorie McLaren all sit on the District Learning Committee and welcome suggestions from the membership for District sponsored Pro-D and Collab opportunities.
