

THE CUPE "QUARTERLY"

With Spring Break now upon us we wanted to wish everyone a well-deserved rest and despite the current travel advisory's we do hope you find the time and space to rejuvenate with family and/or friends.

There have been a number of issues brought forward with regards to members that require medical leaves and/or workplace accommodations. We are asking members to please contact a member of your Union Executive first if you have been off work for five days, if you anticipate being off work due to illness/injury, or if you require a workplace accommodation. We want to make sure you have accurate information on how to proceed through the various processes thus ensuring your right to privacy, in so far as your medical condition/treatment is concerned, by not providing more information than is legally required.

Health and Safety concerns are still at the forefront for a number of our members and we continue to provide guidance and support to those that require our assistance. Just a reminder that each site has a CUPE H&S rep that sits on their site committee and we encourage members to also reach out to them for help and don't forget to keep copies of any paperwork that you are required to submit.

In the spirit of acknowledging members for representing our local here in this District we would like to take this opportunity to recognize them for their years of permanent service as they will have reached these milestones at some point this year....
