

Dr Darrell Furgason

I am running again in the October 2022 School Board election with the goal of promoting student achievement. That is all. I believe that is what Trustees are elected to do, and that is what parents in Chilliwack should expect from a School Board Trustee. Here are some of my values and goals....

I will promote the emotional, psychological, and intellectual development of all children equally, in a culturally inclusive and accepting learning environment.

I will support our hard-working, dedicated teachers to improve critical thinking skills so that students are prepared academically for future opportunities.

I will increase the teaching of practical and trade skills that will equip graduates for successful future employment.

I will prioritize more effective community representation, increase public participation, and encourage more parents to be involved in shaping School District decisions.

I will work with leadership and District staff so the School Board does not become a rubber stamp for bureaucrats, and activist groups with political agendas.

D Furgason PhD
