

Margaret Reid

A Parent with three kids in public schools

Collaborative across sectors to deliver community programs

Experienced in non-profit governance and service

Student Support

Our teachers and school staff work tirelessly to support kids, but they need more resources to make sure students get the foundations they need to succeed.

Food Security

Kids can't learn if they're hungry. I have intimate knowledge of food security issues in Chilliwack, and plans to ensure children arrive to classrooms fed and ready to learn.

Mental Health

Over the past three years, our students have faced unprecedented challenges, and they have a renewed and urgent need for shorter diagnosis times and access to mental health support.

Endorsed by the Chilliwack Teachers Association, CUPE 1760,
and the Fraser Valley Labour Council/BCGEU
